1922

BEQUESTS

BV1005
A3

Endowments and bequests to the Young Men's Christian Association, Local, State, or International, are investments in character building that continue their usefulness long after the donors have passed on. They help to build up, develop, strengthen, and extend this many-sided work for young men and boys, and in so doing promote the best interests of the home, the church, and the state. Below is a suggestive form of bequest which can be adapted to meet state laws and local requirements.

FORM OF BEQUEST

I give and bequeath to the.....
Young Men's Christian Association, the sum of
.....Dollars,
and the receipt of the Treasurer thereof shall be
a sufficient discharge to my executors for the same.

PREFACE

The Year Book is a summary of a few of the more important items of personnel and statistics drawn from the annual reports of the various organizations in the North American Association Movement.* It is not a report of the International Committee, but a service rendered by it at large expense to the Brotherhood.

The same general standards and policies of recent Year Books are continued in the present issue. Students of the Movement and various commissions who desire to deal with recorded facts of Association work, will find in section five several studies each worth the increased price of the Year Book. The price of \$4.00 is set by the Year Book Committee to cover merely the cash expense of manufacture and distribution of the issue. It does not cover the labor of its compilation or its visualization in the four thousand graphs prepared for the Brotherhood by this Bureau.

Each year the Bureau has found it increasingly desirable to follow the standard forms of the United States Government in the presentation of tabular data by showing totals to the left and above instead of to the right and below. To an increasing degree we find good business and other organizations following such practice.

With the material growth of the Association Movement in recent years comes the increasing desires of secretaries for large records in all activities reported, especially the social, recreative, economic, and physical, together with the finances of the same. With this desire is also seen a growing consciousness that the really great Associations are not necessarily those with largest buildings, most activity reported, receiving greatest public attention, or with largest membership—but rather those organizations where the Christian character building process goes forward with greatest devotion and energy, and where lives of men and boys are transformed into those of Christian citizens related to the Church. To this end the Year Book Committee, in its efforts at reducing expenses has sought to emphasize the definitely religious phases by omitting some of the less important items, as attendance at social, recreative, and entertainment features.

The following principles together with many conferences of the Year Book Committee and Bureau of Records with Association officers, both laymen and secretaries—international, state, and local—have guided the Year Book policies to the present.

(a) The International Committee is the agent of the International Convention of the Young Men's Christian Association of North America.

PREFACE

(b) The Year Book is a brief annual summary of a few important items of the various Associations, gathered and prepared for the Brotherhood by the International Committee.

(c) In reflecting the spirit of the International Convention, the Year Book limits the entrance of Associations in its pages to those that conform to the requirements of the International Convention, i. e., to those who limit active members, voting and Association office holding, to members of Evangelical churches.

(d) The annual report schedules are sent direct to those Associations that are recognized by or conform to the requirements of the International Convention—and to those only.

(e) The questions on the report schedules are prepared by the Year Book Committee from the experience of the past years and in cooperation with local, state, and international leaders.

(f) The classification of activities is in the following order—social and entertainment, industrial, physical, educational, religious—leading up to and thus making Bible study, religious meetings, decisions for the Christian life, uniting with the Church the post of honor in Association records.

(g) The Association year is considered from May 1 to April 30. The Year Book is issued September 1. These dates require that the reports and schedules from local, state, and other organizations for the Year Book, be received early in May. No such reports are accepted for tabulation after May 31.

(h) Owing to the limited space and the large amount of material, the figures in many columns dealing with large totals, are shown in 100's or in 1000's.

Attention is directed especially to (1) the statement of Dr. Mott on page 7; (2) the personnel in section two; (3) the statistical summaries, especially those of A, B, and C in section three; (4) the special studies and annual review in section five.

In Table V, part of the endowment funds of some of the Metropolitan Boards is invested in office and dormitory buildings connected with the branch Associations, but not shown in the valuation of such branch buildings, in order to avoid duplication. In several instances the expenditures reported by Metropolitan Boards include their appropriations to the branches or departments.

Suggestions for the continued improvement of the Year Book and for its expanded service to the Movement will be welcome.

THE BUREAU OF RECORDS,

GEORGE B. HODGE, *Secretary*.

THE YOUNG MEN'S CHRISTIAN ASSOCIATIONS OF NORTH AMERICA

The year 1921-22 will ever stand out as one of the most trying in the history of the North American Associations. In common with all other interdenominational organizations as well as with those which are denominational, and in fact with virtually all altruistic and social betterment agencies, the Association Movement has continued to feel the effects of prevailing economic conditions and of the general post-war psychology. The United States and Canada are still passing through a period of industrial unrest, of widespread unemployment, of difficult and exacting demobilization, reorganization, and more or less contraction in nearly all commercial and financial enterprises. The psychological or mental aspect of the times has been one of searching questioning, of penetrating criticism of the existing order and of nearly all human relationships, and, in many quarters, one of continued reaction and pessimism.

Thus among Association leaders, both laymen and employed officers, there has been more or less dissatisfaction expressed and unexpressed on such points as the following: the relatively meager results in the range of Association activities, the disproportionate amount of time and attention devoted to the more material phases of the work, the poor coordination and functioning and the general inadequacy of present Association machinery, the seemingly unnecessary duplication and high cost of the work of the General Agencies, and the lack of masterly planning and execution on the part of so many of the Associations and of the Brotherhood in its corporate capacity as we face the great needs of the present hour at home and abroad. While all this may tend to occasion unrest and questioning, such an attitude of mind and heart is not without encouragement. In reality it is a sign of health and, in the light of history, is a precursor to something greater and better. Were not the Association leaders and workers—local, state, and international—burdened with solicitude and fired with a fixed determination to master unfavorable conditions, to effect necessary improvements, and to rise to the new and larger demands of the present hour, we might well be alarmed. On every hand, however, there are unmistakable signs of open-minded, constructive study and of quiet confident purpose to meet the situation.

A study of the vast and bewildering array of facts set forth in the current number of the Year Book, as well as of the many tributary sources of information, makes it possible to recognize and emphasize a few outstanding facts characteristic of the year under review:

(1) The year has witnessed a further strengthening of the financial position of the Association Movement. The net valuation of property and funds of the North American Associations during the year has increased 6.5%, or in round figures from \$140,000,000 to \$150,000,000. The total current expense budget of the Associations and their General Agencies have decreased 5.1%, or from about \$50,000,000 to \$47,000,000. Both local Associations and their General Agencies, notwithstanding the prevailing trying conditions, have in most cases reached their financial objectives. In fact possibly no other welfare or Christian service organizations have had as enviable a financial record. There have been a number of striking victories achieved in campaigns for new buildings or for clearing off indebtedness.

(2) We had hoped to be able this year to pass the million mark in our membership, but instead of that we are unhappily obliged to record a decline of 5.6% in the number of members. While the boy members have increased 4.3%, the loss of 8.6% in membership among the men has been due almost entirely to the business depression, especially in the realm of industry. While there has been a decline in the number of recorded regular members centering in Association buildings, there has been a continued widening of the outreach of the Associations in their community-wide programs. It is doubtless true therefore that the Associations are actually touching the lives of more men and boys now than in any year in their history.

(3) While there has been a small decrease in the number of employed officers there has been a scaling up of the efficiency of our secretarial forces. Under the compulsion of having to reduce budgets there has been a weeding out of many of the less competent workers. Moreover the Association Colleges, the Summer Schools, the Training Centers, and likewise the Personnel Bureau of the International Committee have never performed their vitally important functions with more ability than during the past year.

(4) In some ways the most significant result of the year has been the securing in good and reliable subscriptions of the \$4,000,000 Accrued Liability Fund. This ensures the success of the Retirement Fund plan. It was put into operation as of July 1st, 1922. The number of participating Associations is 870 and the number of employed officers who have agreed to participate is 4,400, or a much larger proportion than was necessary to ensure the success of the plan. Grateful recognition is due Mr. John D. Rockefeller, Jr., for the conditional gift of \$1,000,000 made in response to the Association appeal. This made possible the ultimate victory. The splendid unit gift of over \$300,000 secured from the employed officers through the quiet, effective campaign conducted by Mr. L. A. Coulter also had great influence. The fine leadership of Mr. A. H.

Whitford and the workers associated with him in securing subscriptions for the last \$2,000,000 in the teeth of impossible financial conditions will not be forgotten.

(5) In the realm of Association activities the year has witnessed ups and downs. There has been an expected inevitable shrinkage in the number of young men in educational classes, due partly to the contraction of war work appropriations and partly to general business conditions. On the other hand, the returns would indicate that there has been an increase in the educational enrolment among boys. In the physical work, while there has been improvement in the stabilizing of the leadership there has been a falling off in the number in classes. The developments in the religious work of the Associations have been reassuring. Here we refer not so much to the statistical showing—because apart from the increase in the number of Bible classes, Bible class teachers, and Bible students, there has been a falling off in those parts of the work which are expressed in statistics—but to the intensive part of the religious work program. Throughout the entire Brotherhood there has been manifested an unmistakable solicitude with reference to the spiritual state of the Associations and a united resolve to increase their spiritual vitality. Concerted plans to this end have been launched, notably in connection with the Conference of the Association of City General Secretaries and the recent Lakehurst Conference. Attention should be called also to the valuable work of the Commission on Approach to the Churches.

(6) One of the most heartening facts is the unmistakable quickening of the social conscience of the Association Brotherhood. While the forces of reaction and inertia in this as in other Christian movements tend to hold back the Associations from assuming larger responsibility in this direction, wise, prophetic, heroic spirits are rising up both among the younger and the older leaders, and it is noticeable that they are commanding an ever-increasing following. The great interest among the members in the study and discussion of the social questions from the point of view of Jesus Christ, and above all the increasing sense of responsibility for bringing to bear His principles and spirit upon the social problems of the day within the sphere of their daily calling are indeed significant.

(7) A fact of large promise has been the constructive attention given during the year to the study of the organization, functioning, and service of the General Agencies. The Canadian National Council have further simplified and perfected their organization and, notwithstanding the difficult economic conditions which still obtain throughout the Dominion, the Associations and their supervisory body have never been in better standing with the Canadian people. Both the Home Work and the Foreign Work of the International Committee have, in line with

the instructions of the Detroit Convention as well as in response to the independent initiative of Association leaders, effected many changes and improvements in their organization and working relationships and substantial reductions in their staffs and budgets. The discussions in Association bulletins and informal conferences have helped to clear the air and to promote corporate thinking. This was notably the effect of the Niagara Falls Conference. Under the wise guidance of Commissions appointed at Detroit or subsequently, the processes of study and reorganization are being carried forward. The State Committees have shared with the other General Agencies and with the Associations the vicissitudes of the time. Most of them have found it desirable and necessary to effect reductions in staff. On the whole they have weathered the financial storm. With a few exceptions State Work is stronger and healthier than ever.

(8) The Foreign Work of the North American Associations, as already indicated, in common with the Home Work is in the midst of reorganization. This is true both at the home base and also on many of the foreign fields. During the past year this work has been brought more fully than ever under careful and helpful review. The work in the Far East has had the benefit of unhurried visits by Mr. William Murray, the Chairman of the Foreign Division, by Mr. James Speers, a Vice-Chairman of the International Committee, by the General Secretary of the International Committee and the Associate General Secretary, Mr. Brockman, and also by Mr. McMillan of the Building Bureau. Southern Asia and the Near East have had helpful visits from Mr. Jenkins, Senior Associate Secretary of the Foreign Division, as well as by Mr. Speers. The fields of South America have received invaluable counsel and impulse from the visit of Mr. Wiley accompanied by Mr. Ewald. All of these many contacts have been most timely and the good effects are already apparent. Among the most notable gatherings held on the foreign field and of special concern to the Associations the first place must be assigned to the Conference of the World's Student Christian Federation held last April in Peking. It was attended by over 800 delegates from thirty-two nations. Among their number were very many of the recognized leaders of the Associations from nearly every one of the twenty or more foreign countries to which the North American Associations are related. This meeting of the coming leaders of the nations has exerted a profound influence on the plans and life of the Associations among all nations. Appreciative reference should also be made to gatherings of Association leaders held in India, Japan, and China.

The \$4,000,000 Foreign Association Building Program which was interrupted by America's entrance into the war has been resumed and, it is hoped, will soon be carried to a successful issue. At a time when

there is the greatest need of additions and replacements on the foreign staff it has been a tantalizing experience to be obliged to turn a deaf ear to so many calls. It is a most hopeful sign, however, that the year has seen such a marked increase in the native arm of the service. A review of the reports showing the progress of the foreign work from year to year reveals the fact that this point has been emphasized every year, but never has it meant so much as at this time. It shows that the prayers of the Brotherhood when they projected their influence to foreign lands are being markedly answered, that their guiding principles have not misled them, that sacrifice and self-effacement have not been in vain. No reference to the Foreign Work of the past year would be complete which did not pay grateful tribute to the great rally of the Brotherhood to the support of this work in the hour of crisis last December. It constituted the finest possible proof that they regard this work as their own.

(9) It seems strange, over three years after the signing of the Armistice, to be obliged to call attention to another full year of *war* work. It must not be forgotten, however, that only within a year has America technically made peace with the countries against which she declared war. It must not be forgotten, moreover, that large areas overseas are still in the midst of war conditions and that literally millions of men and boys are still torn by the effects of war and that they are the only hope of the new Europe. To these men, tired, discouraged, with moral fibre loosened, and with faith in God shaken, the North American Associations with funds raised for the purpose during the war, are seeking to bring hope, vigor, reawakened moral sense, and a basis of vital and reasonable faith. Mr. George W. Perkins not long before his death made the sagacious remark that it is easy to direct an expanding work, but most difficult to guide aright the process of contraction. This contracting process during the past year, as during the two preceding years, has been carried on faithfully and according to a carefully worked out schedule. Appropriations to several fields have been tapered off gradually and finally discontinued. The same process is being carried on with reference to other fields. The number of American workers overseas is being rapidly reduced. Owing to the great reduction of the A. F. G. the number of Association workers among the American troops on the Rhine is now less than a dozen. Only one point in the Mediterranean is still manned by American workers. Our workers, however, are still touching directly and indirectly between 1,000,000 and 1,500,000 young men in such countries as Poland, Czechoslovakia, Greece, Turkey, Roumania, and Italy, and including also the multitudes of young men among the widely scattered Russian refugees. This work is being ably administered under the direction of such trusted leaders as Davis, MacNaughten, Hanson, and Gethman.

Before withdrawing from these fields we aim to leave a vital deposit of American Association ideas and ideals, of principles and methods, of goodwill and friendship, of the example of unselfish and heroic service. To this end the American Associations have sent over not only the hundreds of regular workers who have continued patiently for years their responsible task, but also recognized specialists for shorter periods. Among those who have recently made such invaluable contributions are Messrs. Morse, Orr, Super, Dix, Ritchie, Hatfield, Israel, and Robinson. The General Secretary of the International Committee and his associate especially related to the Overseas Division, Mr. Hibbard, have recently made their annual supervisory visit and taken counsel with the various Senior Secretaries as to the next stage of contraction. In America the greatest care is being exercised by the Army and Navy Department of the International Committee to see that that portion of the War Fund allocated to permanent buildings for the American Army and Navy is expended most wisely and fruitfully. The closing appropriations for the educational work on behalf of ex-service men and on behalf of the inter-racial work are proving to be among the most helpful which have been made. A history of the war service of the American Associations is now in press. It will be a worthy record of this vast, wonderful, and in many respects unparalleled ministry on behalf of between twenty and thirty millions of young men of our own and other lands.

JOHN R. MOTT,

General Secretary of the International Committee.

THE INTERNATIONAL COMMITTEE OF YOUNG MEN'S CHRISTIAN ASSOCIATIONS OF NORTH AMERICA

GENERAL OFFICES—347 MADISON AVE., NEW YORK

Incorporated April 16, 1883

The figures '22, '25, and '28 give the year of the International Convention at which the present term of office expires. The term *Ex. Of.* refers to Chairmen of State Committees that are now members of the International Committee.

SUMMARIES
AND
STATISTICAL TABLES
of the Associations of Canada and the United States

SUMMARY A—DATA FOR 1922 AND 1921 COMPARED

The most comprehensive Summary of the series, including the leading data from Tables I to XII and Summaries B to Q. The financial data here includes all the General Agencies, also the Self-supporting International Committee Bureaus and United Y. M. C. A. Schools. Some of these latter items being recently developed, their data, also that of the Foreign Department, have not been included in similar summaries in former Year Books. Black-face figures show data for 1922, and light-face figures for 1921.

DATA	1922			1921	
	ASSOCIATIONS REPORTING	TOTAL	MEN	BOYS	ASSOCIATIONS REPORTING TOTAL
I. ORGANIZATION

SUMMARY B—DATA BY GROUPS OF ASSOCIATIONS

Data taken from Tables II to XII, and from Summaries D to Q inclusive. To avoid duplication the Student group includes all student Ys other than Colored or Indian; the Colored group includes all Ys among colored men and boys—student and city; the City group includes Industrial and Community; General Agencies include International, Home and Foreign, State and Canadian Committees Association College and Summer Schools. The finances of the Foreign Department, also the self-supporting International Bureaus, are here included for the first time, as in Summaries A and C.

LOCAL ASSOCIATIONS UNDER COUNTY SUPERVISION

The following are reported (April 30, 1922) as fully organized or regular, and under the direct supervision of the County Committees.

CANADA

Simcoe County (Ont.)—Midland, Victoria Harbor.
Prince County (P. E. I.)—Summerside.

CALIFORNIA

Fresno County—Fowler, Sanger.
Los Angeles County—Glendale District, Burbank.
San Bernardino County—Ontario, Upland.
Stanislaus County—Modesto.

CONNECTICUT

Fairfield County—Nichols, Fairfield, New Canaan, Wilton, Bethel, Trumbull, Long Hill.
Hartford County—Southington, Newington, Elmwood, Canton, Center, Bloomfield, Windsor, Granby, Windsor Locks, Hazardville, Wapping, Manchester, Highland Park, Buckingham, Marlborough.
Litchfield County—Reynolds Bridge, Kent, Thomaston, Plymouth, Riverton, Goshen, Winchester.
Middlesex County—Haddam, East Hampton.
New Haven County—Orange, Oxford, East Meriden, North Haven, Montowese, Cheshire, Milford, Branford, Hamden, Short Beach, Seymour.
New London County—Colechester, Montville, Preston City, Versailles.
Tolland County—Ellington, Tolland, Somers, Stafford Springs, So. Willington, Mansfield Center, Talcottville, Rockville.
Windham County—Putnam, Eastford, Woodstock, Brooklyn, Moosup, Thompson.

FLORIDA

Polk County—Lakeland, Bartow, Winterhaven.

GEORGIA

Screven County—Sylvania, Rocky Ford, Mervington, Oliver, Bay Branch, McDonald.

ILLINOIS

Ogle County—Rochelle, Lindenwood, Oregon, Chana, Mt. Morris, Kings, Byron.

IOWA

Buena Vista County—Storm Lake, Sioux Rapids, Marathon, Linn Grove, Newell.
Linn County—Marion.
Marion County—Knoxville.

KANSAS

McPherson County—McPherson, Lindsborg, Moundridge, Canton.

KENTUCKY

Bourbon County—Paris.

MAINE

Kennebec County—Clinton, Gardiner, Oakland, Belgrade Depot.

MICHIGAN

Barry County—Hastings, Nashville, Delton.
Hillsdale County—North Adams, Wheatland Township, Hillsdale City.
Gogebic County—Wakefield, Bessemer, Ironwood.
Oakland County—Birmingham, Rochester, Royal Oak.
St. Clair County—St. Clair.

MISSOURI

Jasper County—Joplin, Carthage.

NEBRASKA

Burt County—Lyons, Oakland, Tekamah, Craig.
Nuckolls County—Mt. Clare, Superior, Nelson.

NEW HAMPSHIRE

Cheshire County—Keene.

NEW JERSEY

Bergen County—Englewood, Dumont, Allendale, Oradell.
Camden County—Collingswood, Stratford.
Gloucester County—Woodbury, Paulsboro, National Park, Wenonah, Franklinville, Pitman.
Hunterdon County—Lambertville, Flemington, Clinton, Stockton, Sergeantville.
Monmouth County—Belmar, Englishtown, Farmingdale, Matawan, Manasquan, Sea Bright, West Freehold, Cliffwood, Greenville, Marlboro, Middletown.
Somerset County—Somerville, Gladstone.
Sussex County—Branchville, Hamburg.

NEW YORK

Cattaraugus County—South Dayton, Little Valley, Salamanca.
Monroe County—Spencerport, Fairport.
Orange County—Warwick.

OHIO

Medina County—Grange Township, Hinckley Township, Brunswick Township, Medina Village, Litchfield Township, Mallet Creek Village, Seville Village, Lodi Village, Spencer Township.
Montgomery County—Farmersville, Trotwood, Beavertown.
Stark County—Minerva, Louisville, Waynesburg.
Wyandot County—Carey, Nevada, Sycamore, Upper Sandusky.

OREGON

Marion County—Hubbard, Stayton, Woodburn.

TEXAS

Harrison County—Marshall.

WISCONSIN

Dodge County—Beaver Dam.
Rock County—Clinton.

SUMMARY F—CITY ASSOCIATIONS

Includes the data reported from Industrial and Community Associations.

See the Annual Review, exceedingly important tables, charts and financial data in Section Five of this book.

MERCHANT MARINE ORGANIZATIONS

Of the organizations serving men in different large port cities, the data for five (Brooklyn, Seattle, New York, Hoboken, Newport News) are found in the City Table, as these Marine branches are related to the city Ys in those port centers. There are several other branches of the Merchant Marine as follows: (Continued on next page following Summary H, p. 157.)

SUMMARY H—STUDENT ASSOCIATIONS—CLASSIFIED BY SECTIONS

Leaders will carefully study the important tables and charts in Section Five of this book.

ANNUAL STATISTICAL REVIEW

The Association Fiscal Year

As numerous questions are asked concerning the best month for the ending of the Association fiscal year, and as it varies materially in the State Committees and local Associations, also as the Association year for purposes of the Year Book is supposed to be the record of 12 months ending April 30—each organization has just been invited to name the month with which its fiscal year ended. The following is a summary of the replies.

State Organizations. Of the 46 State and Canadian Committees reporting, 1 closes its fiscal year March 31; another February 28; 2 others April 30; 2 others October 31; 4 others January 31; and the remaining 36 close their fiscal year December 31.

Local Associations. Of the 690 city Associations reporting, 59 close their fiscal year with March, 193 with December, 307 with April, and 131 are scattered over all of the other months. Combining in one group those that close near April 30, that is, March, April, May, we have 444. Similarly combining those closing near December 31, that is, including November, December, January, we have 182, while the remaining 64 are scattered over the other months.

Railroad Associations. Of the 224 reporting, 125 close April 30, 63 December 31, 10 March 31, and the remaining 26 are scattered over other months. The same general distribution and variety of the fiscal year is seen in the colored Associations.

Combining these Associations—city, railroad, colored—and grouping them around the natural periods where the larger number of their fiscal years center we find that of the 950 different local Associations reporting, 617 practically close their Association year April 30, 258 December 31, and 75 are scattered.

Receipt of Annual Reports

April 1 each Association organization receives official schedules on which to make its annual report to the Brotherhood, with the earnest request that such report be mailed on or before May 10, and that no report can be accepted for tabulation in Year Book if sent after May 31. All honor to the large number of state and local leaders who have faithfully observed these requests year by year for it is no small job to fill out these annual schedules satisfactorily. Of the 47 State and Canadian Committees and the 1,978 local organizations, all but two states and 410 local Associations succeeded in sending their reports in time for acceptance the present year and more than half of them were received by May 10. The 410 points comprise the smaller Associations often without paid secretaries and those practically on the non-equipment basis. Their reports combined would probably be equivalent to about 8 per cent of the Movement.

It is interesting to note that Ohio, Illinois, Indiana, and Michigan sent reports from all of their city, all but three of their railroad, and from nearly all of their student Associations. Nearly all of the student reports were also received from the large states of New York, Pennsylvania, and Massachusetts. This is most encouraging and shows special effort by the field, regional, and state secretaries. In Georgia, Kentucky, Maine, Maryland, Missouri, North Carolina, Oklahoma, South Carolina, Tennessee, Texas, and West Virginia, 80 per cent of the city, railroad, and colored, and only about 50 per cent of the student Associations as a whole were reported. This is unfortunate for all concerned and especially for the work in many states.

A Year of Ups and Downs

The past year of business depression, restlessness, and upheaval is naturally reflected in the erratic statistical results. Usually the leading items move upward or downward together, but this year a few items, as property, boy members, and Bible study, have moved upward, while many other items, as men members, operating expenditures,

physical and educational work, moved downward. While perhaps the majority of leaders looked for a general decrease following the past three years of unprecedented growth, yet all will be happily surprised over the increase in Bible study and uniting with the Church.

The following table is self explanatory. It shows some data from the 1917 Year Book containing the record before the United States entered the war, from the 1919 Year Book recording the data while we were in the midst of war, and the records for 1921 and 1922 during reconstruction following the war. This table includes the finances of the International Committee in both its home and foreign divisions.

Organization

The directors and committee forces have decreased 1.9 per cent to 95,795 or practically one officer to nine members. The employed officers have decreased 4.5 per cent to 5,464, or one officer to every 160 members.

The Association membership instead of going to the million mark as had been hoped, has dropped 5.6 per cent to 883,169. It is of special interest to note that while the men have decreased 8.6 per cent to 654,309, the boys have increased 4.3 per cent to 228,860. A very large proportion of this increase is due to the changed policy of recording county work reports this year. At the earnest request of county work leaders data from all points under county supervision instead of from only the regular and fully organized Ys as in former years, are recorded. The members in industrial occupations have decreased 10 per cent to 151,231, due to the general business and industrial depression.

Property and Finance

Endowment funds have increased 21.4 per cent to \$15,134,800, the great majority of this increase being in local Associations. The debt on Association property has increased 4 per cent to \$15,273,700 or 9.2 per cent of the total Association property—the lowest percentage yet reported by the Movement on this item.

Net property and funds have increased 5.9 per cent to \$150,399,900, an increase of 65 per cent since 1917. The income from membership dues has decreased 6.4 per cent to \$4,944,200, and the income from activities has decreased 4.6 per cent to \$6,004,100. The income from business and club features (dormitory, restaurant, etc.) has decreased 8.7 per cent to \$20,952,300, and total contributions including both Home and Foreign, have decreased 1.8 per cent to \$11,551,100.

Total expenditures have decreased 5.5 per cent to \$47,682,400, while the expense of administration has increased 0.2 per cent to \$12,824,700. The expenditures for business and club features have decreased 12.9 per cent to \$15,004,200, due to the drop in membership and business depression.

The following table of contributions and operating expenditures from 1917 to the present, showing the trend or change in the relation of the local Associations and general agencies, will be self explanatory. For example, in contributions note the per cent of such for local Associations (fourth line) has ranged from 68.9 in 1920 to 75.0 in 1922. Also, that the corresponding per cent of total contributions to the general agencies has steadily decreased from 31.1 per cent to 25.0 per cent the present year.

SOME IMPORTANT ASSOCIATION FINANCIAL DATA OF THE NORTH AMERICAN MOVEMENT BASED ON YEAR BOOKS 1917-1922

Contributions, Total Operating Expenditures, Net Operating Expenditures, together with percentages of the same in local Associations and General Agencies respectively.

Total operating expenditures include the business and club features (dormitories, restaurants, camps, etc.), also the self supporting bureaus of the International Committee and the United Y. M. C. A. Schools, all so far as data are available.

Net operating expenditures include all the normal expenses incident to the conduct of Y work, as salaries, rent, light, heat, repairs, maintenance of property, etc., but do not include business and club features. The total of such business and club features is seen below in the second line under net expenditures.

While each organization in 1918-20 was earnestly requested in many ways to limit reported data to that of normal peace-time service *only*, and to keep all war work entirely separate, it now appears from the figures of a few organizations in 1920 that the peace and war figures apparently could not be separated in reporting. This will right itself in 1922 and succeeding years.

Note in 1922 that the per cent of contributions for General Agencies to total contributions (25.0 per cent) is the lowest of which there is any official record. This means also that the per cent of contributions reported for work of local Associations (75.0 per cent) is the highest of which there is any record.

Note the steady decline of the ratio of net expenses of General Agencies to the total net expenses from 13.1 per cent in 1920, 11.9 per cent in 1921, to 11.1 per cent in 1922.

Activities

Industrial. The number of plants served in spite of the depression has increased 5 per cent to 1,679. There is a loss of 19.9 per cent in English and 17.2 per cent in citizenship classes, also a loss of 17.5 per cent in men receiving second papers. This decrease is due to the financial and industrial depression of the past two years.

Social and Economic. The number of socials, receptions, banquets, and entertainments have increased 1.2 per cent to 69,892. While these features have relatively decreased for men they have increased for boys. The motion pictures have increased 3 per cent to 26,089 exhibitions. In employment, the number of situations secured has dropped 19.5 per cent to 67,922. Here again the men have lost 23.4 per cent while the boys have gained 9.4 per cent. The question is often asked, Are the employment departments charging too high prices for their services?

The number of dormitory rooms or beds has increased 8.1 per cent to 56,154 and the times used have decreased 6.2 per cent to 14,902,000. The number of meals served has decreased 6.1 per cent to 25,560,000. The number of campers two weeks or more has increased 7.1 per cent to 68,556, about 70 to 75 per cent of whom are boys.

Physical. There has been a slight net gain in leaders' clubs. While the men have lost 7 per cent the boys have gained more than this loss. In physical examinations the net gain is 13.4 per cent to 115,784. Here the boys have gained 15 per cent and the men have lost 5 per cent. In gymnasium classes the net loss is 12.3 per cent to 303,434. Both men and boys have decreased in these classes, but the loss by men is three times as great as that by boys. In swimming and life saving there has been a large gain of 22.8 per cent to 106,179.

Educational. The number of paid teachers has decreased 10 per cent to 2,960, but there is a gain of 8.3 per cent in lectures and talks. While there has been a loss of 3 per cent in the earned income educationally there is a 6 per cent increase in operating expenditures. The number of students has decreased as a whole 14.8 per cent to 110,639. Here the men have decreased 21,730, the largest drop in any year of our history,

while the boys have increased 23 per cent, thus making the largest gain among boys educationally in any year of our history. In vocational guidance there has been a gain of 77.5 per cent to 26,646 men receiving the standard vocational interviews. Yet we hear that some Associations desire to omit this important fundamental service so increasingly necessary in present times. All honor to Professor E. W. Weaver who has given his life to this rare service. The student hours have decreased 23.1 per cent to 9,825,700, due of course to the less number of students.

Religious. While there have been large decreases in membership, expenses, and other leading activities, yet we are glad to note the increases in some of the religious activities. There are 32 per cent more men on religious committees than a year ago. Part of the following increase religiously is due to this large increase in committee force. Part is also due to the stress received by these features during several conferences of the past year, notably Atlantic City and Lakehurst.

Bible teachers have increased 18.5 per cent to 5,153 and the number of classes has increased 28 per cent to 8,674. The students in Bible classes have increased 11.2 per cent to a total of 201,182, by far the largest record in Bible study ever yet made by the Movement. Toward this record the boys have increased 27 per cent to 119,189 while the men have decreased 5.8 per cent to 81,993. A few years ago there were twice as many men as boys in Bible study, while today the boys are $1\frac{1}{2}$ times as many as the men.

The attendance at religious meetings for men has decreased 7.9 per cent while that for boys has increased 37 per cent. Shop meetings have decreased 38 per cent, due to the closing of many industries. The total attendance for all Bible and religious meetings is 6.4 per cent less than a year ago.

In decisions for the Christian life there is a decrease of 7.7 per cent to 37,123, while in uniting with the Church there is a gain of 40 persons, making the total today 11,664, the highest records of any year in our history.

SUMMARIES OF SOME ASSOCIATION DATA FOR INTERNATIONAL CONVENTION YEARS—From Year Books

As 1922 is Convention year—the gathering to be held in Atlantic City—and as a similar summary was appreciated at the Convention of 1919 in Detroit, the following table will be appreciated by all leaders, especially by group and department secretaries.

Data for some leading items in the Movement as a whole, and for various Groups of Associations—in 1913 (Cincinnati), 1916 (Cleveland), 1919 (Detroit), 1922 (Atlantic City.)

COST OF ASSOCIATION WORK IN 1890, 1900, 1910, AND 1920 MEASURED IN TERMS OF THE VARYING PURCHASING POWER OF A DOLLAR

The rapid increase in the size of the financial figures of Association expenditures during recent years, leads one naturally to inquire concerning the relative purchasing power of the dollar on the different dates, and also whether the corresponding finances of other uplifting movements like the public schools for example, are similarly growing. In the important article of Mr. Norton in the June issue of *The National Education Association* on the cost of public education, and using the same authorities and index numbers and applying them to the expenditures of the Young Men's Christian Association from 1890 to 1920, we have the following important table showing the relative growth of Association vs. public school expenditures for 30 years when measured in terms of the purchasing power of the dollar, considered in 1890 as 100 per cent.:

	1890	1900	1910	1920
Dun's wholesale price—index numbers ⁽¹⁾	92	91	119	260
Cost of living per week ⁽²⁾	\$ 8.47	\$ 8.45	\$ 11.62	\$ 25.50
U. S. Dept. of Labor retail cost of food—index numbers ⁽³⁾	100	97	131	286
Combining the above in index numbers	100	99	132	290
Relative purchasing power of dollar	100	101	76	34
Total operating expenditures of Y work (\$1000's)	1,854	3,019	8,144	40,796
Expenditures on basis of purchasing power of dollar in 1890 (\$1000's)	1,854	3,049	6,108	13,871
Expenditures of public schools (elem. and high) on same basis above (\$1000's)	140,507	217,114	319,687	355,318

(1) World Almanac, 1922, p. 273. (2) Trend of Costs by Burgess, Russell Sage Foundation, p. 54.

(3) Monthly Labor Review, June, 1920, p. 19 and following.

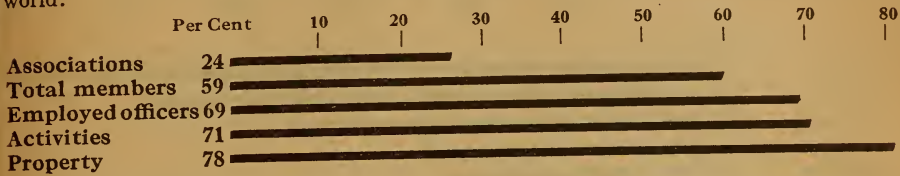

The first line shows by Dun's index numbers that \$92 of the same commodities at wholesale in 1890 cost \$91 in 1900, \$119 in 1910 and \$260 in 1920. The second line shows from the Russell Sage Foundation that the food, clothing, shelter, etc. necessary for a small family costing \$8.47 per week in 1890, cost \$8.45 per week in 1900 and \$25.50 in 1920. The third line shows the index numbers for the retail price of foods indicating that \$286 would be necessary in 1920 to purchase exactly the same kind and quantity of food that could be bought for \$100 in 1890. The fourth line combines the above three lines and reduces all to an impartial series of index numbers for the various years. The fifth line shows the relative purchasing power of \$1, indicating that 76 cents in 1910 and 34 cents in 1920 respectively would go only as far in purchasing power as \$1 went in 1890.

The sixth line shows the total actual operating expenditures of the Young Men's Christian Associations reported from Year Books on these respective dates. Applying line five of percentages to line six, we find in line seven that the Y expenditures of \$1,854,231 in 1890 had actually increased to \$13,870,640 in 1920, as the purchasing power of a dollar in 1920 was only 34 per cent as much as in 1890. However, this increase is 645 per cent over thirty years ago. On the same basis and in line eight of the table we find that the total public school expenditures in the same period have increased from \$140,506,715 to \$355,318,205 or an increase of 153 per cent. In other words, the relative increase of public school expenditures including the phenomenal growth of high schools—which latter has been ten-fold in recent years—has been only one-fourth as fast as that of the Young Men's Christian Association.

THE YOUNG MEN'S CHRISTIAN ASSOCIATIONS

In the World, and in United States and Canada

With but 8 per cent of the population, 24 per cent of the gold, 30 per cent of the wheat, 40 per cent of the railroads and 86 per cent of the autos in the world as a whole, Canada and United States have the following proportions of Association data for the world:

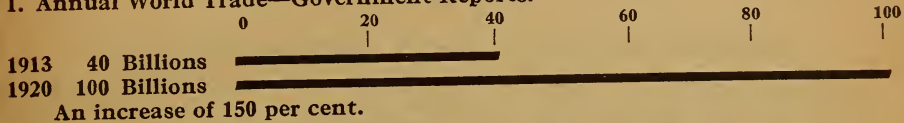

The larger and more efficient the work in America—the home base—the more rapidly and effectively can similar work be promoted in less favored lands. With the rapidly growing proportion of men and the means for Association service in America comes the increase of responsibility to enlarge its service in other parts of the world.

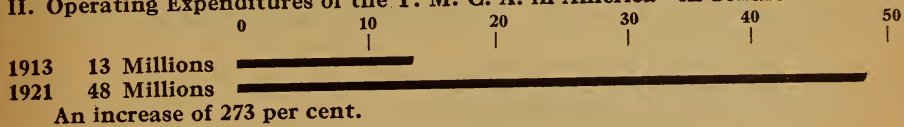

RELATIVE GROWTH OF BUSINESS AND OF THE ASSOCIATION

In recent years—from before the war to 1921 inclusive.

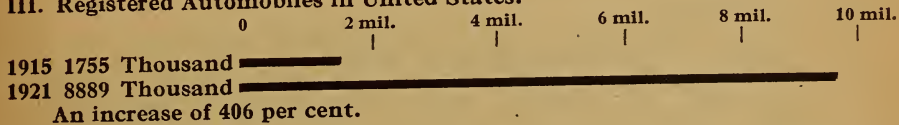

I. Annual World Trade—Government Reports.

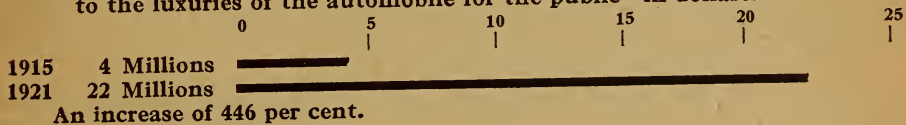

II. Operating Expenditures of the Y. M. C. A. in America—in dollars.

III. Registered Automobiles in United States.

IV. Receipts from Business and Club Features of the Y. M. C. A. (Dormitories, restaurants, camps, baths, etc.), the "luxuries" of the Y corresponding to the luxuries of the automobile for the public—in dollars.

NATIONAL DEBTS VS. Y. M. C. A. DEBT

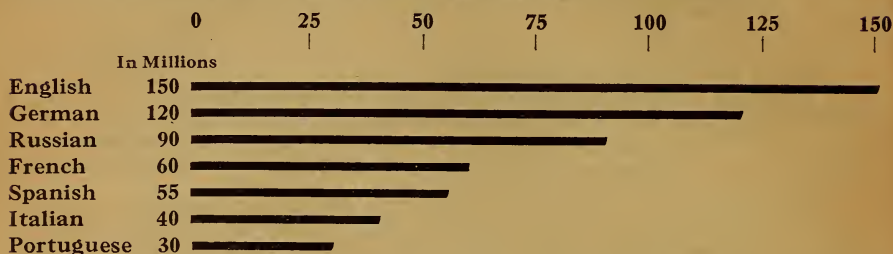

The national debts of 100 principal nations of the world have increased from a total of over 43 billion dollars in 1913 to over 383 billions in 1921, or nine times as much as before the war.

The property debt of the Y in America has increased from \$10,480,600 in 1913 to \$14,666,100 in 1921, or 39 per cent; while the Association property as a whole in the same period has increased 73 per cent. The ratio of Y property debt to total Y property in 1921 is 9.4 per cent—the lowest recorded per cent for such in the history of the Movement.

LANGUAGES VS. THE Y. M. C. A.

Authorities report 3,424 different spoken languages or dialects in the world. Of these, 1,624 are in America, 937 in Asia, 587 in Europe, and 276 in Africa.

Number of people speaking these leading languages are as follows:

A rough estimate of the proportion in each of the above groups that may live in places with Y. M. C. A.s, is as follows:

English speaking people 35%; German, 15 to 20%; Russian, 3% or less; French, 25% or more; Spanish, 3% or less; Italian, 5%; Portuguese, 1%.

From this may be obtained some idea of the field of opportunity for the Y yet to be occupied.

NECESSARY CHANGES IN THE CLASSIFICATION OF CITIES

Cities are grouped in divisions in order that their data per million population, or per thousand members for cities of somewhat similar size, may be more effectively studied with more helpful results to all. Experience shows that large cities in their activities cannot be satisfactorily and justly compared with small ones, because of the disadvantages of large population. For three years preceding 1920, the classification of cities was as follows:

- I. Cities under 25,000 population.
- II. Cities 25,000 to 100,000 population.
- III. Cities 100,000 to metropolitan group.
- IV. Cities in the metropolitan group.

Reasons for Change

1. The very large number of cities with Associations (seventy per cent of all) in former division I (under 25,000 population) made it necessary to divide that group into two divisions, and later as the Movement grows it will require three divisions.

2. Up to 1920, the metropolitan group included only the largest cities—those above 500,000. Recently several such metropolitan Associations have been organized in cities from 36,000 population and up, so that it now becomes quite unfair both to the small units as well as the large units of this new metropolitan group, to compare the data of one city with another in such new group, for in so doing the very object of classifying cities to obtain comparable data is defeated. Places of 36,000 to 100,000 population need to be compared with those of similar size and not with those of over 1,000,000 to the disadvantage of both large and small cities.

3. The U. S. Census divisions classify cities entirely on the basis of normal sized groups of population, placing the largest cities in division I, and the smaller cities in divisions IV, and V, rather than a reversal of this order as was the Association custom for a few years.

To take advantage of all these experiences, meet present conditions with less difficulty and with greater fairness to all Associations, use the U. S. Census form as far as consistent, and divide the large number of small cities into two parts,—the Bureau of Records in 1920 began the use of the following divisions of cities, and all the data for that year and 1921 were visualized and classified on this new basis on all the graphs sent out.

- I. Cities over 500,000 population, as Boston, Chicago, Philadelphia.
- II. Cities 100,000 to 500,000 population, as Indianapolis, Dayton, Denver.
- III. Cities 25,000 to 100,000 population, as Halifax, N. S.; Peoria, Ill.; Erie, Pa.
- IV. Cities 10,000 to 25,000 population, as Ann Arbor, Mich.; No. Adams, Mass.
- V. Cities under 10,000 population, as Baker, Ore.; Delaware, O.; Orillia, Ont.

*Alliance ~~Confédération~~
Des ~~des~~
Unions Chrétiennes de Jeunes Gens.*

Nous, délégués ^{seigneurs} des Unions Chrétiennes de Jeunes Gens d'Europe & d'Amérique réunis en conférence à Paris le 22 Août 1855.

reconnaissons que ~~les Associations travaillent~~
~~à une même œuvre dans le même esprit évangélique,~~
~~mais~~ à une même œuvre dans le même esprit évangélique,

pénétres du devoir de manifester cette unité
tout en conservant dans l'organisation une complète
indépendance.

~~persuadés~~ ^{persuadés} ~~qu'aucune divergence~~
~~d'opinion ou d'opinion, étrangères à notre œuvre~~ ^{voit venir}
voulons notre accord fraternel : en tout quelle n'ait pas la base
évangélique

Proposons à nos sociétés respectives de s'unir
en confédération sur ce principe fondamental :

^{soit}
" Les Unions Chrétiennes s'unissent dans une
même association les jeunes gens qui regardant
Jésus-Christ comme leur Sauveur & leur Dieu
selon les Écritures, veulent être des disciples dans
leur ~~droiture~~ ^{foi} & dans leur vie, & travailler
ensemble à étendre parmi les jeunes gens le
régne de leur Maître? "

Fait & signé à Paris le 22 Août 1855

THE PARIS BASIS AS FINALLY ADOPTED

ASSOCIATION DATA 1917 TO 1921 ADJUSTED TO THE PRESENT CLASSIFICATION OF CITIES

In order to preserve the value of all the important findings and special studies of the Bureau, found in its various Bulletins and in the Year Books for 1917, '18, '19, '20, and '21—all such valuable data have now been readjusted to the new basis of classification and some of them are here shown of equal and comparable value with the figures in the former Year Books, so that the following tables will be extremely valuable through all coming years.

Such data—now classified by groups of Associations, by the five divisions of cities, by activity departments, and for boys as well as men—enable the Bureau of Records to continue to aid leaders to an ever-increasing degree. This complex work of readjusting the data to the new classification has required many weeks but it will pay for itself many times over in the coming years.

No such body of data was created prior to the 1917 Year Book, but with the rapid evolution of the Movement this kind of data becomes increasingly necessary and valuable. Commissions of various kinds making studies of the Movement by departments, by groups or cities, and for a series of years, such as will become increasingly necessary in future conferences and conventions, can thus avail themselves of information impossible to secure elsewhere. In this way and from such cumulative data effective aid may be given all thoughtful men however divergent their views, to base their consideration and studies on the best available objective knowledge rather than on an excess of subjective opinion.

Pan data (heavy type) include data from all Ys reporting.

City Y data (light-face type) include that from the city Ys only. The data in this table do not include the General Agencies—but merely the local Ys—and are for 1917, 1919, 1921. Such data for 1922 will likely appear later when computed.

FIVE DIVISIONS OF ASSOCIATION CITIES

Some leading facts in each division and their percentages of the work as a whole in Canada and United States, from the 1921 Year Book. Does not include the General Agencies.

Pan-data (from all Associations, city, railroad, student, etc.) are shown in black-face type figures. City Association data are shown in light-face type.

FOR EACH MILLION OF ASSOCIATION POPULATION IN EACH OF THE FIVE DIVISIONS OF CITIES

Data for each 1,000,000 people in places with Ys—1917 before the war; 1919 during the war; and 1921 after the war—in each of several leading Association items—as, on committees, employed officers, total members, boy members, industrial occupations, net Y property and funds, contributions, and operating expenditures. From Association Year Books. Does not include the General Agencies. Division V includes the majority of the Railroad and Student work, also all of County work—all with small population.

PER CENT OF THE ASSOCIATION MOVEMENT OF UNITED STATES AND CANADA

Found in each State reporting 5,000 or more Members

The computation combines the reported data in leading items, as members, property, expenditures, and the various activities—all in percentages.

*Group—Ariz., Del., Fla., H. I., Ida., La., Me., Miss., N. Mex., Nev., N. D., S. D., Utah, Vt., Wyo.; combined. (States with less than 5,000 members each.)

DISTRIBUTION OF ASSOCIATION DATA FROM 1921 YEAR BOOK

I. By Groups of Associations; II. By Regional Divisions.

The figures in a horizontal line for any single item as members, show the percentage of the members in any division to the total membership as a whole. For example, in Groups of Associations, the membership of the city Associations is 74.7 per cent of the total membership of the Movement. The county membership is 1.0 per cent; transportation membership 11.8 per cent, and so on. Similarly following the membership line into the Regional Divisions we find that the membership of Canada is 5.1 per cent; the Eastern region is 38.7 per cent, and so on. Similarly for each of the fifteen leading items. See Summaries B and C in the 1921 Year Book.

GEOGRAPHICAL CENTER OF ASSOCIATION WORK IN NORTH AMERICA

Each decade the United States determines the center of population with considerable accuracy. In 1790 it was near Baltimore and in the intervening years has moved westward until at present it is in the south-western part of Indiana, near Spencer.

The Bureau of Records is often asked, especially at the time of International Conventions and Employed Officers Conferences, concerning the geographical center of the work of the Young Men's Christian Association. Ten years ago when we computed such center for Association membership in Canada and United States it was found in northeastern Ohio, about half way between Cleveland and Pittsburgh. Using the data from 1921 Year Book we find such center is now in northwestern Ohio, a few miles south of Defiance.

Similarly the corresponding geographical center of boy membership is in southwestern Michigan, near Benton Harbor; the center of similarly reported student work is in western Indiana, about 40 miles west of Crawfordsville; the geographical center of the number of different Associations of all kinds in Canada and the United States is in eastern Indiana, about 20 miles east of Indianapolis; the center of railroad Association membership is in southwestern Pennsylvania, about 25 miles south of Pittsburgh; and the similar geographical center of employed officers is in northeastern Indiana, about 40 miles west of the geographical center of Association membership in Ohio, and about 100 miles north of the corresponding geographical center of the members different Associations.

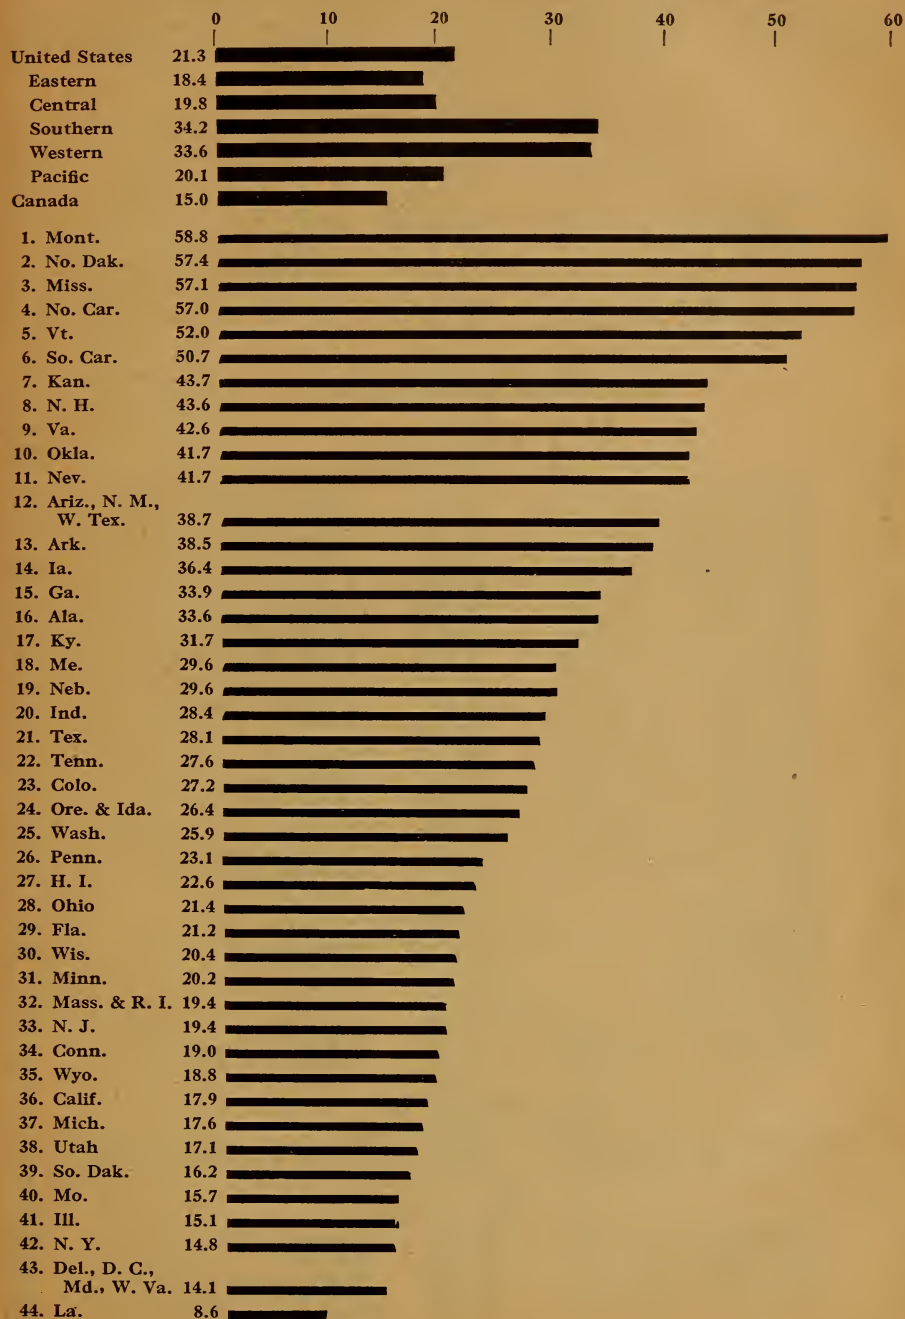

QUANTITY DATA—BY STATES—1921

Total data in a few leading items, arranged in order of the amount reported from each State. For example, the position of Ohio in the series and from left to right in the seven columns is, 5 in column 1, 3 in column 2, 4 in column 3, and 3 in the last 4 columns. Figures are drawn from 1921 Year Book.

NUMBER OF ASSOCIATION MEMBERS FOR EACH 1,000 OF THE ASSOCIATION POPULATION

By Regions and States—From Data in Year Book—1921

ASSOCIATION CITIES

In Five Divisions

Arranged in the order of their size—according to the system of the U. S. Census. The Association rank of each city in relation to all cities of its Division is shown by the figure at the right. Cities with insufficient data in the leading items to determine rank, do not appear.

DIVISION I.

Over 500,000 Population
15 Cities

Pop'n In 1000's		Y Rank 1921	Pop'n In 1000's		Y Rank 1921
3,016	New York, N. Y.	3	748	Boston, Mass.	7
2,702	Chicago, Ill.	4	734	Baltimore, Md.	12
2,018	Brooklyn, N. Y.	8	700	Pittsburgh, Pa.	5
2,000	Philadelphia, Pa.	13	597	Toronto, Ont.	10
994	Detroit, Mich.	1	580	Los Angeles, Cal.	11
797	Cleveland, Ohio	6	508	San Francisco, Cal.	2
773	St. Louis, Mo.	14	507	Buffalo, N. Y.	9
750	Montreal, Que.	15			

DIVISION II.

100,000 to 500,000 Population
64 Cities

THE TEN LEADING CITIES IN ASSOCIATION WORK—FOR EACH DIVISION OF CITIES

From Association Year Book 1921

Based on both the Association population and the Association membership, and combining the percentages of fifteen fundamental items for all the Association data of each city in each of the five divisions of cities, we find the ten leading cities in each of the five respective divisions to be as follows. As a rule in any such computation the smaller sized cities have the advantage. These cities have the highest average percentages per million Y population and per thousand members as revealed in the 3,900 graphs made and sent out to the 1,500 Associations concerning the records in the 1921 Year Book.

Association Rank	DIVISION I. Over 500,000	DIVISION II. 100,000–500,000	DIVISION III. 25,000–100,000	DIVISION IV. 10,000–25,000	DIVISION V. Under 10,000

ASSOCIATION RANK BY STATES—1921.

The Association rank by states and groups of the 15 leading items, but based on the total population of the states rather than on the Association population (people living in cities with Ys), gives the following order of states which is comparable to the similar data in each of the previous Year Books.

- 1 Connecticut; 2 Colorado; 3 Michigan; 4 Massachusetts and Rhode Island; 5 California; 6 Nebraska; 7 Arizona group; 8 Ohio; 9 Washington; 10 New York; 11 New Hampshire; 12 Vermont; 13 New Jersey; 14 Indiana; 15 Iowa; 16 Montana; 17 Illinois; 18 Virginia; 19 Minnesota; 20 Pennsylvania; 21 Wisconsin; 22 Oregon-Idaho; 23 Maine; 24 Kansas; 25 South Carolina; 26 Tennessee; 27 Canada; 28 Florida; 29 North Carolina; 30 South Dakota; 31 Texas; 32 Mississippi; 33 Missouri; 34 Oklahoma; 35 Arkansas; 36 Delaware group; 37 Kentucky; 38 North Dakota; 39 Georgia; 40 Alabama; 41 Louisiana; 42 Wyoming; 43 Nevada; 44 Utah.

ENDOWMENT

Colleges and Universities vs. Young Men's Christian Associations.

Proportion of endowment to total property.

Of the more than 640 colleges and universities in United States, 127 have an endowment of from \$1,000,000 to \$45,000,000 each, or a total of \$572,100,000 of productive funds. Of these colleges 27 have \$5,000,000 or more each, and 6 of them have \$25,000,000 or more each, as Yale, \$25,000,000; Stanford, \$26,000,000; Pennsylvania, \$28,000,000; Chicago, \$30,000,000; Harvard, \$45,000,000. Of the \$1,125,000,000 of total property and funds of these colleges and universities, we note that about 52 per cent of this amount is in endowment and productive funds, furnishing an annual income of about \$2,500,000 toward the operating expenditures of higher education, in which about 250,000 men and 160,000 women are being trained.

The Young Men's Christian Association Movement in North America has a total endowment of \$12,400,000, or only 8 per cent of the total Association property and funds. Its income from endowment—about \$600,000—is only 1.2 per cent of the operating expenditures of the Y Movement in contrast with the very much larger per cent of income enjoyed by colleges and universities from their productive funds.

PROPORTION OF ENDOWMENT TO TOTAL PROPERTY

I. Universities and Colleges—1919 Reports

Total Property	\$1,125,000,000
-------------------	-----------------

Endowment	\$572,100,000
-----------	---------------

II. Y. M. C. A. Movement of North America—1921 Year Book

Total Property	\$140,800,000
-------------------	---------------

Endowment	\$12,400,000
-----------	--------------

The Young Men's Christian Association has about a million members, and substantially develops and helpfully aids three times as many other men and boys. While too much endowment often deadens the service it is designed to develop, yet a judicious endowment for a local Y—say an amount equal to one-quarter of its net property the income of which might provide from 3 to 5 per cent of the annual operating expenses—would greatly increase efficiency. While some isolated churches or philanthropies may be suffering from the inertia due to overendowment, the great majority of Christian and religious enterprises suffer from the lack of endowment. Especially is this true of the Y. M. C. A. General Agencies—the State committees, International Home and Foreign work, and the Training Agencies—each of which should have an endowment whose income would provide at least 25 to 35 per cent of its operating expenditures.

LEADING RELIGIOUS DENOMINATIONS IN THE UNITED STATES

ASSOCIATION PHYSICAL WORK (From 1921 Year Book)

Of the 800 different city Associations and branches, 22 report a total of 58,530 different men and boys in regular gymnasium classes, ranging in numbers from 1,800 upward in each Association; 609 others report from 5 up to 1,800; and the remaining 169 Associations unfortunately make no report of such work.

The following alphabetical table shows the order of size of these 22 city Associations. While Rochester, N. Y., leads in the largest number, Allentown, Pa., leads in the largest number for each 100 Association members.

Associations	I. Different Students		II. For Each 100 Ass'n Members

ASSOCIATION EDUCATIONAL WORK

(From 1921 Year Book)

Of the 800 different city Associations and branches, 19 report a total of 58,206 different students, ranging in numbers from 1,500 upward in each Association; 380 others report students ranging in numbers from 5 up to 1,500; and the remaining 401 Associations unfortunately make no report of such work.

The following alphabetical table shows the order of size of these 19 city Associations. While Philadelphia leads in the largest number, New York City (East Side) leads in the largest number for each 100 Association members.

Associations	I. Different Students		II. For Each 100 Ass'n Members	
	Number	Order	Number	Order
Baltimore.....	2,099	14	42	14

ASSOCIATION BIBLE STUDY WORK

(From 1921 Year Book)

Of the 800 different city Associations and branches, 19 report a total of 29,129 different students, ranging from 1,000 upward in each Association; 566 others report students ranging in numbers from 5 up to 1,000; and the remaining 215 Associations unfortunately make no report of such work.

The following alphabetical table shows the order of size of these 19 city Associations. New York City (23rd St.) leads both in the largest number of students, and also in the largest number for each 100 Association members.

Associations	I. Different Students		II. For Each 100 Ass'n Members

RELIGIOUS WORK—YEAR BOOK 1921

In Five Divisions of Association Cities.

* Twelve leading items of Religious work—shown (1) for each 1,000,000 of the Association population (people living in places with Y. M. C. A.s), and also (2) for each 1,000 Association members. Shown also for the (1) pan-data (data from all Ys—city, railroad, student, etc.) in black-face type; and also for the (2) city Y data, in light-face type. Similar studies are now available in Bureau of Records for other departments and features, as physical, educational, financial.

ITEMS	ALL DIVISIONS		I. DIVISION Over 500,000		II. DIVISION 100,000 to 500,000		III. DIVISION 25,000 to 100,000		IV. DIVISION 10,000 to 25,000		V. DIVISION Under 10,000	
	Per 1,000,000	Per 1,000	Per 1,000,000	Per 1,000	Per 1,000,000	Per 1,000	Per 1,000,000	Per 1,000	Per 1,000,000	Per 1,000	Per 1,000,000	Per 1,000

POPULATION IN VARIOUS AGE GROUPS

From United States Census of 1920, shown in Percentage of the Whole.

While the urban population as a whole increased 28.6 per cent from 1910 to 1920, the rural population (including all unincorporated places and the country districts) increased only 3.1 per cent. Indeed the country districts by themselves lost 228,000 persons in 10 years. The classification by age groups from the recent United States Census indicates that the chief problem of Associations with young men over 20 years of age now concerns the city. Each year a larger and steadily increasing percentage of young men greater than those outside the city, are found within the urban centers.

From the diagram please note that in all of the age groups shown up to 19 years of age the large majority of persons are outside of the city. While in the 5-year period, 20-24 years there are 9.3 per cent of the population in the city there are only 8.1 per cent outside. Then in the longer age period, 25-44, there are 7.7 per cent more persons in the cities than outside. This lead of the city population continues through the next age period of 45 to 64.

The majority of persons are yet born in the rural population, and while the large and rapidly growing majority of adult population from 20 to 50 is now in the city, the tide changes again at 64 years of age when the rural population again has the majority. That is, at present the majority come into life outside the city, do their active work from 20 to 60 years in the city and then spend their latter days outside the city.

NUMBER OF MEN AND BOYS

In Percentage of the Total Population—Urban and Rural

From the 1920 U. S. Census.

Questions are continually asked concerning the proportion of the population of any city or state that are boys 12 to 18 years of age, or what is the numerical field of the Association (number of males between certain ages) in any city or rural section.

The following table seeks to answer the above questions, in percentage of the total population in each case, and in terms of various age groups of the Association. It does this for both the urban and rural population. For example:—It is found that 4.92 per cent of the total population in an average city is boys in the age group of 12 to 17, inclusive. Similarly 6.54 per cent represents the percentage of the number of boys of the same age in the rural population of a county, or the rural population of a state. In any case the total figures will vary either up or down, depending upon whether the city or the county is strong or weak, industrially or commercially or residentially, or upon its racial conditions.

Inclusive Age Groups of Males.	Per Cent of Total Population	
	Urban Males	Rural Males
12—14.....	2.56	3.57
15—17.....	2.36	2.97
12—17.....	4.92	6.54
18—20.....	2.48	2.63
18—21.....	3.28	3.34
21—24.....	3.44	2.79
18—24.....	5.92	5.42
25—44.....	17.16	13.95
18—44.....	23.08	20.37
21—24.....	3.44	2.79
21—44.....	20.60	17.74

Example:—The number of boys 12 to 18 (12—17 inclusive) in a normal city of 35,000 population is $35,000 \times 4.92$ per cent, or 1,722; and the number of same age in a rural population (all outside the incorporated places) of a county with 35,000 persons, is $35,000 \times 6.54$ per cent, or 2,289.

MEN AND BOYS IN ASSOCIATION CLASSES

Year Books 1900-1921

Inquiries are continually made concerning the relative number of persons in the three main kinds of Association class work—Physical, Educational, and Bible Study. With figures in 1,000's this chart answers the question for a series of years.

THIRTY YEARS OF Y. M. C. A. MOVEMENT—CANADA AND UNITED STATES
From Association Year Books.

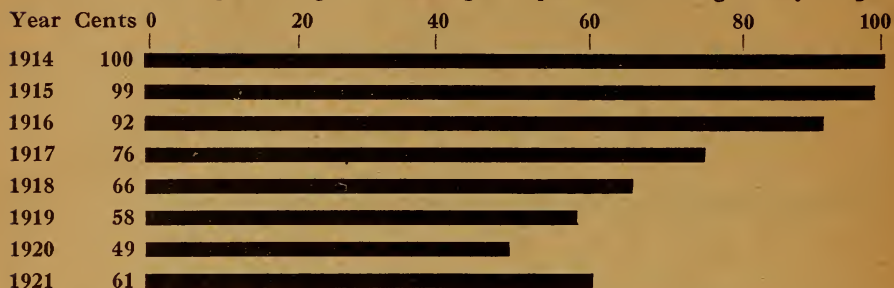

The expenditures for International Foreign work, though included in the operating expenditures of this Movement in sixth line, are also shown separately at the bottom of the table.

PURCHASING VALUE OF A DOLLAR

National Industrial Conference Board.

Based on retail prices weighted according to importance in average family budget.

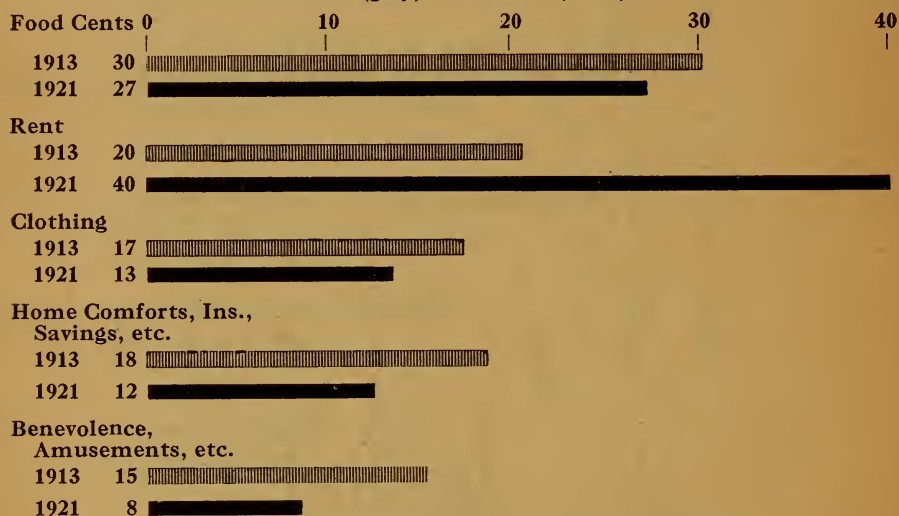

The real value of a wage or salary is not the amount of money received in dollars but rather its purchasing power. If a secretary's salary over a period of years is increased by 30 per cent, while the cost of food, rent, clothing, and household expenses increases 50 per cent, the secretary is relatively much poorer.

From careful estimates including data in the Personnel Bureau, the salary of the average Association employed officer in 1921 is about 30 per cent larger than in 1914 before the world war. From the U. S. Department of Labor, Feb. 4, 1922, we learn that the per cent increase in the cost of living in December, 1921, over December, 1914, is 71. In some sections of the country this per cent rises to 82, while in other sections it is as low as 65. Taking this 71 per cent as the increase in cost of living, a person should have an income or buying power equal to 171 per cent of his income or buying power or salary in 1914. For example: A salary of \$2,000 in 1914-5 had the same purchasing power as \$3,420 now has. The Association employed officer whose salary in 1921 was only 30 per cent larger than in 1914 is, therefore, obliged to make \$2,600 go as far today as \$3,420 would go.

HOW THE Y SECRETARY SPENT HIS DOLLAR

In 1913 (gray) and in 1921 (black)

The excessively high rents of 1920-1921 and continued in 1922, for the average Y secretary and citizen, have strangled the desire for household comforts, furniture, insurance, savings, amusements, benevolence, entertainments, and other home family necessities—thus strongly tending to lower the standard of living.

TAX ON LUXURIES—CHEWING GUM VS. Y. M. C. A.

Considerable favorable comment has been received on the information given in the 1921 Year Book, pages 470-72, on this subject of luxuries. Those data have been used extensively by leaders both in print and in speech.

The report of the Commissioner of Internal Revenue showing the taxes paid on luxuries in 1921—one year later than the above—as given in the *Journal of National Education* for April 1922 is as follows. Please note that the list below is by no means inclusive, it only gives a few of the luxuries in which the people of America indulge in an ever rapidly increasing manner.

Tobacco.....	\$255,219,385
Automobiles.....	237,584,373
Admission to theaters.....	89,725,805
Jewelry.....	24,303,905
Candy.....	20,436,700
Luxuriously priced articles.....	20,374,591
Musical instruments.....	11,568,034
Fur articles.....	9,081,238
Motion picture films.....	6,008,108
Perfumes, cosmetics, and patent medicines.....	5,800,768
Sporting goods.....	4,283,902
Firearms and shells.....	3,702,642
Playing cards.....	2,603,941
Bowling alleys and pool tables.....	2,368,007
Toilet soaps.....	2,223,773
Total for articles listed.....	\$696,617,357

Chewing Gum vs. the Association.—Note that the above amount was collected in taxes. The total amount spent for these articles was many times the sum given. Example, the tax on chewing gum was \$1,332,267, but the public paid \$88,817,839 for this gum—an amount twice as large as the total operating expenditures of the Y. M. C. A. in America for an entire year.

LIST OF SECRETARIES ENTERING ASSOCIATION SERVICE
BEFORE JAN. 1, 1893, AND STILL EMPLOYED APRIL, 1922.

(In a few cases service has not been continuous).		
Oct.	1863	Robert Weidensall, Int. Com., Chicago
Dec.	1869	Richard C. Morse, Int. Com., New York

ASSOCIATION SUMMER SCHOOLS

Canadian School:—LAKE COUCHICHING, ONT.

General Office, 86 Adelaide St. E., Toronto, Ont.

Secretary and Business Manager, Henry Yeigh; Chairman of Deans, Harry Ballantyne; Chairman of Committee, J. M. Booth.

Lake Geneva:—COLLEGE CAMP (WILLIAMS BAY), WIS.

General Office, 5315 Drexel Ave., Chicago, Ill.

The officers of the school are Dr. Frank H. Burt, President; J. Q. Ames, Principal. The deans for 1922 are as follows: City Administration, E. F. Denison; Boys' Secretaries, E. W. Brandenburg; County, C. L. Rowe; Educational, H. C. Daines; Industrial, N. C. Schlichter; Physical, Martin I. Foss; Railroad, F. M. M. Richardson; Student, F. M. Hansen.

Eastern Association School:—SILVER BAY ON LAKE GEORGE, N. Y.

General Office, 347 Madison Ave., New York

Fred S. Goodman, President; William D. Murray, Vice-President; L. T. Warner, Treasurer; G. T. Coxhead, Secretary; J. A. Urice, Principal. The deans of departments for 1922 are as follows:—Religious Education, Fred S. Goodman; Army and Navy, F. A. McCarl; Boys' Work, H. T. Baker; Associate, W. H. Burger; County, D. C. Drew; Educational, E. L. Wertheim, Associate, F. P. Lamphear; General Secretaries', A. G. Bookwalter, Associate, J. C. Armstrong; Industrial, C. R. Towson, Associate, E. Galloway; Personnel, R. P. Kaighn; Physical, John Brown, Jr., M. D., Associate, W. H. Ball; Religious Leadership, A. B. Nicholls; Transportation, C. R. Parsons, Associate, R. B. Smith; World Relations, F. M. Mohler.

Estes Park Summer Schools:—ESTES PARK, COLORADO.

General Office, Y. M. C. A. Building, Denver, Colo.

The Summer Schools of the Y. M. C. A. are administered by a committee composed of the following: Ira E. Lute, Chairman, C. E. Buchner, W. S. Hopkins, L. A. Coulter, W. A. Luke, C. A. Musselman, W. A. Scott, W. H. Day, F. M. Deerkake, W. C. Paige, N. W. Benning, Clifford Pierce, L. A. Black, A. A. Remington, L. A. Toothaker. The Deans of the respective schools for 1922 are—City Administration, W. A. Scott; Supervisory, L. A. Coulter; County, F. D. Pierce; Industrial, A. B. Minear; Physical, Martin I. Foss; Boys' Work, H. P. Demand.

Southern School:—BLUE RIDGE, N. C.

General Office, 412 Palmer Bldg., Atlanta, Ga.

R. H. King, Principal; D. L. Probert, Secretary and Treasurer.

Chesapeake Summer School:—HARPER'S FERRY, W. VA.

General Office, 347 Madison Ave., New York.

J. E. Moorland, Principal; R. P. Hamlin, Registrar.

Pacific Summer School:—SIERRA CHAUTAUQUA, CALIF.

General Office, 302 Y. M. C. A. Bldg., Los Angeles, Calif.

F. M. Duckles, Principal; Harry O. Hill, Secretary Executive Committee.

Pacific Northwest:—SEABECK, WASH.

General Office, 610 Stock Exchange Bldg., Portland, Oregon.

Tracy Strong, Seattle, Chairman of Executive Committee; E. W. Fuller, Seattle, Secretary Treasurer; W. W. Dillon, Principal. The Deans of the various schools are as follows: City, A. D. Brewer; Physical, Lester Ellis; Boys', Tracy Strong; Educational, L. G. Nichols; County, John H. Rudd; Industrial, U. S. Duncan. A. S. Allen is Director of Religious Education in all the Schools.

Southwestern:—HOLLISTER, Mo.

General Office, Odd Fellows Bldg., St. Louis, Mo.

L. A. Coulter, Principal; A. C. Reibert, Registrar.

TRAINING CENTERS

A standard training center is one in which each year an Association provides systematic instruction in Association science and methods for its employed staff. The art of Association work is taught to the newer members of the staff by giving them a varied experience in the work of the Association or by using junior members of the staff as understudies to successful senior secretaries. Where this work is well organized it takes the form of the project method in teaching. The problems encountered by the men form a basis of class discussion in which the history, science, and policies of the Association are discussed in a way that shows the relation of theory to the successful conduct of daily work. About 700 secretaries are annually enrolled in such centers.

A number of these centers have united in a federation of which A. H. Whitford of Buffalo is chairman and Harry Henderson of Los Angeles, secretary. The Personnel Bureau of the International Committee represents this federation in the field, studying modern educational methods and the processes used by large corporations in training executives.

FELLOWSHIP PLAN

The fellowship plan of selective recruiting of college graduates and of relating them to training center Associations and Association training agencies for experience and training has been continued and extended.

The new personnel policy of the New York City Association, establishing "graded secretarial positions" for new entrants, starts with the fellowship plan as the first year program. Several other leading city Associations have adopted the policy of filling all vacancies in assistants' positions on their staffs exclusively with college graduates, on the fellowship plan of selection, experience, and training.

The principles and standards of the fellowship plan have been incorporated in the standard training center program for the training of the Association staff, and the Personnel Bureau of the International Committee refers college men entering on the fellowship plan only to those Associations conducting training center programs.

CONFERENCE ON THE ASSOCIATION PROFESSION

Dr. W. D. Weatherford, Nashville, Tenn., *Chairman*

J. Q. Ames, Y. M. C. A. College, Chicago, *Secretary-Treasurer*

These with the following constitute the executive committee: R. L. Cheney, Springfield, Mass.; Martin I. Foss, Chicago, Ill.; L. E. Hawkins, Springfield, Mass.; Ira E. Lute, Denver, Colo.; Paul Super, New York City.

This agency was created by the Employed Officers' Association as a result of a study of the whole problem of recruiting and training presented at the sessions of the triennial gathering in Columbus, Ohio, June, 1911. The conference is made up of representatives of the several training agencies of the Young Men's Christian Association:—the three association colleges; the nine summer schools; the federation of training centers; the state secretaries' association, and the personnel bureau of the International Committee. The last session of this body was held at Atlantic City, N. J., Nov. 20-22, 1921. The organization has been valuable in standardizing and advancing the work of recruiting and training men for the Association callings, and in promoting those things which have to do with the growth, efficiency, and happiness of men in the secretaryship. Particulars concerning this conference may be secured upon application to the secretary.

YOUNG MEN'S CHRISTIAN ASSOCIATION RETIREMENT FUND

BOARD OF TRUSTEES

F. Wayland Ayer, *Chairman*James H. Post, *Treasurer*Alfred E. Marling, *Ex-Officio*

Col. Gerald W. Birks

John R. Mott

William D. Murray

Lucien T. Warner

L. Wilbur Messer

Raymond P. Kaighn, *Secretary*William D. Murray, *Attorney*George B. Buck, *Actuary*

The Young Men's Christian Association Retirement Fund plan provides for the paying of retirement annuities to Association employed officers on or after their sixtieth birthday. It further provides disability annuities to those incapacitated for service. The plan is the result of a scientific study of past experience of Association employed officers over a period of twenty-five years. The actuarial work has been done by a nationally known and skilled specialist in pension planning.

The features of the plan have been presented to employed officers in group, state, and national gatherings and through considerable printed publicity. In brief the plan provides for the retirement of a Young Men's Christian Association employed officer on his sixtieth birthday or thereafter on a retirement allowance based on one and one-half per cent of his average salary for the last ten years of service multiplied by the total number of years he has been in the work. The disability benefit provides for those incapacitated to serve after five years of participation in the fund. The annuities in this case equal about one per cent of the average salary computed as in the case of regular retirement. The funds for the payment of retirement benefits come from three sources—

1. What each employed officer pays on his own behalf. This as in life insurance is based on a scale in the table of rates herewith.

2. The employing Association likewise pays annually a percentage of a secretary's salary as shown in the same table.

3. The third source of income is the fund available from the accrued liability account of \$4,000,000 raised to provide for the past service of all employed officers up to the starting of the fund. The raising of this money has been a very difficult task during a year of unusual business depression and has been made possible largely by a pledge of \$1,000,000 from Mr. John D. Rockefeller, Jr. (\$750,000 from the Laura Spelman Rockefeller Foundation and \$250,000 in a personal gift from Mr. John D. Rockefeller, Jr.). This pledge with substantial pledges from nine other sources aggregating \$2,000,000 were secured by Dr. Mott before a general canvass was set in motion under the experienced leadership of Mr. A. H. Whitford, general secretary of Buffalo. The remaining \$2,000,000 was thus pledged so as to make possible the starting of the fund July 1, 1922.

Excluding the usual percentage of men who come into the Association work temporarily, the Retirement Fund practically enrolls all Association employed officers. Full details as to the operating of the Fund may be had from the Retirement Fund Board, 347 Madison Avenue.

TABLE OF RATES

Expressed in Percentages of an Employed Officer's Salary.

Age	Secretary's Rate	Association Rate	Age	Secretary's Rate	Association Rate
18	4.1	1.9	39	4.7	4.7

GENERAL SECRETARIES' INSURANCE ALLIANCE

Alliance basis: "Bear ye one another's burdens."

There is no part of the Young Men's Christian Association Movement that is so closely allied to the principles of the Association as the Alliance, and from the beginning it has really been the exemplifying of Christ in service in its relation to the employed officers.

Organized in 1880 by a small group of men, it has continued through the years as an important factor and a blessing to the Association Brotherhood. One hundred and seventy-eight of our group have gone on before (June 1) and in practically every case the beneficiary has been able to meet the needs and new conditions in a way that would not have been possible if this Alliance were not in existence.

During the year 1921 there have been 16 assessments—a larger number than usual. But these assessments have cost only \$34.40 per member of the Alliance, which amount is about \$8.00 less than the annual premium for only \$1,000 of insurance in the standard companies at the age of the average member of the Alliance. The 16 men who died during the past year had paid in a total of \$3,819.95—an amount thirty per cent less than has been received by the beneficiary in each case. If one is inclined to think the number of Assessments too large, he only needs to remind himself of the above facts in order to more fully appreciate the great value of this form of service. The average benefit paid in 1921 was \$5,638.

Every Association employed officer should see to it that he becomes a member. The men who are eligible for membership are employed officers not over forty-five years of age, who have not been more than three years in Association work, and whose names are listed by the International Committee.

The Alliance is governed by the employed officers through the following Executive Committee of five: L. Wilbur Messer, Chicago; Frank E. Anderson, Milwaukee; Karl A. Shumaker, Chicago; Frank H. Thatcher, Buffalo; C. K. Ober, New York City.

Information and application for membership may be secured from C. B. Willis—Secretary-Treasurer, St. Petersburg, Fla.

EMPLOYED OFFICERS RELIEF FUND

A. H. Whitford, Buffalo, N. Y., *Chairman*

W. H. Morriss, Baltimore, Md., *Secretary-Treasurer*

C. M. Copeland, Toronto, Ontario

Ira E. Lute, Denver, Colorado

B. D. Chapman, Minneapolis, Minn.

C. E. Beckett, Washington, D. C.

J. C. Armstrong, Brooklyn, N. Y.

L. A. Coulter, Dallas, Texas

In 1909 at the Employed Officers' Conference, held in Atlantic City, Mr. A. H. Whitford, of Buffalo, called attention to the fact that there was great need that a fund should be established for the relief of employed officers, who by reason of temporary illness were laid aside, and in many cases subjected to suffering and actual want. These men frequently had served Associations which were unable to continue salary after their employed officer was incapacitated. The appeal made by Mr. Whitford met with the hearty response of the Conference, and the committee was created, known as the "Employed Officers Relief Fund Committee." The Conference named Mr. A. H. Whitford, of Buffalo, chairman, and Mr. W. H. Morriss, of Baltimore, secretary-treasurer. At each subsequent conference, a committee has been appointed to carry on this work.

The committee has assisted thirty-five men in the years of its operation, and the expressions of gratitude from those who have been helped amply justify the service. Each year the treasurer sends a report of the receipts and expenditures, and a statement of service rendered to the employed officers of the country. All employed officers are asked to contribute, but contributions are entirely voluntary. The amounts received vary from year to year, but no genuine request for assistance has had to be declined because of insufficient funds. The average amount received year by year is about \$2,000, and there have generally been about seven men on the list receiving aid.

ASSOCIATION OF EMPLOYED OFFICERS OF THE YOUNG MEN'S CHRISTIAN ASSOCIATIONS OF NORTH AMERICA

THE ATHLETIC LEAGUE OF THE YOUNG MEN'S CHRISTIAN
ASSOCIATIONS OF NORTH AMERICA

Wm. M. Kingsley, *Chairman*

John Brown, Jr., M.D., *Secretary*

The league is composed of those Associations which voluntarily join it and which, in so doing, accept a high ethical standard for the administration of athletic sports. Each Association adopts the following amateur definition and conducts its sports on this basis:

"An amateur athlete is one who participates in competitive gymnastics or athletics for pleasure only and for the physical, mental, moral, and social benefits directly derived therefrom. A professional in athletics is a person who promotes or participates in gymnastics or athletics for any other purpose than the above."

The league has sub-committees on the several sports and cooperates with the National Collegiate Athletic Association in formulating rules. The league also co-operates with the A.A.U., the Boy Scouts of America, the American swimming association, and the American Red Cross. A hand book is issued containing the rules and regulations of the league and technical suggestions for the conduct of athletics.

An international hexathlon athletic contest is held annually for men, and another for boys; also a swimming and life saving pentathlon for men and another for boys. In 1921 alone, over 25,000 boys participated in the hexathlon contest. Never in the world's history has a larger number of boys participated in an indoor athletic contest.

THE BOARD OF GOVERNORS OF THE UNITED Y. M. C. A. SCHOOLS

H. W. Stone, Portland, *Chairman*

H. F. Henderson, Los Angeles, *Recording Secretary*

AUSTRALIA

NATIONAL COMMITTEE.—Headquarters, National Office, 374 Little Collins Street, Melbourne. *President*, T. Thomas. *National General Secretary*, Alexander Jameson.

AUSTRIA

NATIONAL COMMITTEE.—Headquarters, 15 Kenyongasse, Vienna VII. *President*, Prof. J. Haberl. *Secretary*, Jean Schoop.

BELGIUM

NATIONAL COMMITTEE.—Headquarters, 85 Rue Large, Chênée-Liége. *President*, Henri Sauveur. *General Secretary*, J. Mahy.

BRAZIL

NATIONAL COMMITTEE.—Headquarters, Rua Primeiro de Marco 6, Rio de Janeiro. *President*, Dr. J. Nogueira Paranaqua. *General Secretary*, John H. Warner.

BULGARIA

NATIONAL COMMITTEE.—Headquarters, 16 Rue du Vingt Avril, Sofia. *President*, Samuel Wassileff. *General Secretary*, St. Botcheff.

CANADA

NATIONAL COUNCIL.—Headquarters, 120 Bay Street, Toronto, Ont. *President*, G. H. Wood. *General Secretary*, Harry Ballantyne.

CHINA AND HONGKONG

NATIONAL COMMITTEE.—Headquarters, 20 Museum Road, Shanghai. *President*, Dr. Fong F. Sec. *General Secretary*, David Z. T. Yui.

CZECHOSLOVAKIA

NATIONAL COMMITTEE.—Headquarters, Zadverice, Nr. Vysovice. *President*, Prof. Emil Pokorný. *Secretary*, Frantisek Novak.

DENMARK

NATIONAL COMMITTEE.—Headquarters, Sondergade 9, Aarhus. *President*, Rev. Olfert Ricard. *General Secretary*, Rev. Olaf Jessen, B. D.

ENGLAND, WALES, AND IRELAND

NATIONAL COUNCIL.—Headquarters, Tottenham Court Road, London, W. *President*, Right Hon. Lord Kinnaird, K. T. *National Secretary*, Sir Arthur K. Yapp, K. B. E.

FINLAND

NATIONAL COMMITTEE.—Headquarters, Albertinkatu, Helsingfors. *President*, Prof. Dr. Arthur Hjelt. *General Secretary*, Pastor Lauri Rikala.

FRANCE

NATIONAL COMMITTEE.—Headquarters, 41 Rue de Provence, Paris. *President*, Count Paul de Pourtalès. *General Secretary*, H. d'Allens.

GERMANY

NATIONAL COMMITTEE.—Headquarters, 191 Allee, Barmen. *President*, Habrikant Fritz Humburg. *General Secretary*, Lic. Erich Stange.

HOLLAND

NATIONAL COMMITTEE.—58 Singel, Amsterdam. *President*, Rev. P. Veen. *General Secretary*, H. Top.

HUNGARY

NATIONAL COMMITTEE.—Headquarters, Főherczeg Sandorut 28, Budapest VIII. *President*, A. von Szilassy. *General Secretary*, Bela von Megyeresy.

ICELAND

NATIONAL COMMITTEE.—Headquarters, Reykjavik, Iceland. *President*, Vacant. *General Secretary*, Rev. Fr. Fridriksson.

INDIA, CEYLON, AND BURMA

NATIONAL COUNCIL.—Headquarters, 5 Russell Street, Calcutta. *President*, K. Matthan, B. A. *General Secretary*, K. T. Paul.

ITALY

NATIONAL COMMITTEE.—Headquarters, Torre Pellice (Prov. Turin). *President*, Prof. Mario Falchi. *General Secretary*, Vacant.

JAPAN AND KOREA

NATIONAL COMMITTEE.—Headquarters, 10 Omote Sarugaku Cho, Kanda, Tokyo. *President*, Dr. K. Ibuka. *General Secretary*, S. Saito.

NEW ZEALAND

NATIONAL COMMITTEE.—Baker's Buildings, Featherston St., Wellington. *President*, H. W. Kersley. *General Secretary*, A. Varney.

NORTH AMERICA

INTERNATIONAL COMMITTEE.—347 Madison Ave., New York. *Chairman*, Alfred E. Marling. *General Secretary*, Dr. John R. Mott.

NORWAY

NATIONAL COMMITTEE.—1 Holbergs Plass, Christiania. *President*, Rev. Kjeld Stub. *General Secretary*, Kr. Piene.

PORTUGAL

NATIONAL COMMITTEE.—6 Rua das Gaivotas, Lisbon. *President*, R. Moreton. *General Secretary*, Vacant.

SPAIN

NATIONAL COMMITTEE.—Calle Noviciado 5A, Madrid. *President*, Rev. E. Lindegaard. *Hon. General Secretary*, A. Gonzales del Rio.

SCOTLAND

NATIONAL COUNCIL.—2 Drumsheugh Gardens, Edinburgh. *President*, The Right Hon. Lord Kinnaird, K. T. *General Secretary*, H. Lightbody, M. B. E.

SOUTH AMERICA

CONTINENTAL COMMITTEE.—Julio Herrera y Obes 1524, Montevideo, Uruguay. *President*, Dr. Justo Cubilo. *General Secretary*, C. J. Ewald.

SWEDEN

NATIONAL COMMITTEE.—35 Birger Jarlsgatan, Stockholm. *President*, Prince Oscar Bernadotte. *General Secretary*, Baron G. A. Lagerfelt.

SWITZERLAND

NATIONAL COMMITTEE.—3 Rue Général Dufour, Geneva. *President*, Jules Johannot.

TURKEY

GENERAL COMMITTEE.—40 Rue Cabristan, Pera, Constantinople. *President*, Dr. C. F. Gates. *General Secretary*, F. D. Steger.
